Australia Tour 2005

www.totalfieldhockey.com

Total Field Hockey (TFH) is a Vancouver (Canada) based company that provides field hockey tours (Australia and Holland), coaching services (Summer Camps, Specialty Sessions), and hockey equipment and clothing to the local community.

It is with great excitement and pleasure that I am able to put together this brochure for the first annual Total Field Hockey U18 Girls Tour to Australia. This Tour has been in the planning for well over a year and we are excited to finally board the plane to reach our destination cities of Melbourne, Ballarat, Shepparton and Sydney.

The Australia Tour was first discussed in May of 2004 and started to gather momentum from a core group of athletes at this time. TFH continued to advertise the tour and by November we had enough interest to secure our position in the HockeyFest Tournament in Sydney and to confirm that the tour would be a go.

Much hard work went into this tour from many different groups. I would like to extend a special thanks to Mick Poulton, Bob Guest and Brad Fussell for their time and effort in organizing TFH's matches, accommodation, and ground travel while in Australia.

I would like to thank the parents of the athletes for their continued support throughout the tour process. From organizing the fundraising meeting, to making sure that all the paper work was taken care of, the continued support from the parents has helped to make the pre-tour preparation go so smoothly.

I would like to extend a tremendous thank-you to Thelma Wright for taking on the role of tour manager. Thelma has kindly volunteered her time to join the team on Tour and was instrumental in making sure that all the pre-tour preparations went smoothly.

Lastly I would like to thank the athletes for their commitment to the Tour process. We started to train weekly in April and continued to train hard until departing on June 29th. We enjoyed three great pre-tour matches vs. regional and provincial team and believe that we are ready to the competition that lies ahead.

We are sure that the Total Field Hockey U18 Girls Tour to Australia be a fantastic experience for the athletes, manager, and coach. We look forward to our fixtures and enjoying the sights and sounds of Australia! Please visit the Total Field Hockey website at www.totalfieldhockey.com for tour information and to view the tour diary.

Sincerely,

Andrew Schouten
Australia Tour Coach
Total Field Hockey President
